The Rich Men Cut No Figure at Muskegon.

SOLID PINGREE DELEGATION

Is Elected in Muskegon County—The Machine Was Knocked Out in the Caucuses—Moon for Congress.

MUSKEGON, July 13.—The Muskegon county convention met at the city hall at 10 o'clock today. It was a gathering of honest men selected from honorable walks of life. Professional politicians, ward heisters and representatives of corrupt methods were notably absent.

They were not present because the people knocked them out in the caucuses.

Great interest centered in the choice of delegates to the congressional district convention. John W. Moon and James C. McLaughlin, the rival candidates for congressional honors, had both worked hard, but in a mainly manner, in the townships and wards to secure the election of their delegates. So close was the contest that both confidently claimed a majority in the convention at 9 o'clock this morning.

Though the interest in congressional delegates was intense it was nothing to that felt in the selection of delegates to the state convention. The Rich men expected to be represented by a respectable minority at least. But somehow their plans miscarried. They weren't in it when the ballots were counted. A solid Pingree delegation was chosen. When the announcement of the vote was made, a yell that shook the building went up from hundreds of throats, and again and again the big building re-echoed with "Hurrah for Pingree!"

The congressional delegates selected are favorable to Moon. Mr. McLaughlin takes his defeat in good part and will devote his splendid energies to securing the election of his friendly opponent.

FAT FOR THE LAWYERS.

Property Valued at \$1,000,000 to Be Squabbled Over.

JACKSON, July 13.—The last will and testament of Mrs. Dwight Merriman leaves \$1,000,000 to be divided. Judge of Probate Hammond substantially refused the will probate today, and both Dwight Merriman and his daughter, Mrs. John C. Sharp of Summit, contested the document. The son, Howard, stands for the will.

The document was written by Mrs. Merriman on five loose sheets of paper and dated 1889. Judge Hammond stated that in his opinion the last pages were written previous to the first. There had been two kinds of ink used and a bequest of property was contained in the original to an adopted girl, whom Mrs. Merriman did not know until one year after the document purports to be drawn.

LUDINGTON'S GREAT DAY.

Everything Ready for the Land Sale, Barbecue and Races.

LUDINGTON, Mich., July 13.—This is the eve of Ludington's greatest day, and the boom is fairly on. The city is in her holiday attire. Flags and bunting hang from every building, triumphal arches and monumental welcome banners span the streets and every one is prepared to give our visitors a great time. Excursions from Chicago, Milwaukee and dozens of smaller towns are beginning to arrive, and the promise of 10,000 visitors tomorrow seems about to be realized.

There will be races in the forenoon. More than one hundred horses are in town. In the afternoon a great barbecue and the grand sale of lots on Manufacturers' addition. The weather is simply perfect. A heavy rain last night cooled the air, settled the dust and put the track in capital condition, and every indication now is that tomorrow will be Ludington's greatest day.

TRIED TO KILL THREE.

Bartley Shot Mistress and Child, and Then Himself.

WEST BAY CITY, Mich., July 13.—Lucien Bartley shot his reputed wife and child and then himself shortly after noon. The boy's injuries will probably prove fatal, while the woman is not seriously hurt. Bartley was removed to the jail as soon as his wounds were dressed. The physician says there are small prospects of his recovery. Bartley is about 35 years old and was married several years ago, but deserted his wife to live with this woman. Two or three years ago she and him started on a charge of non-support, but he escaped punishment on the ground that they had never been married.

After an examination the physicians state that if the boy stands an operation they will be able to save his life. The woman was excitable, and the excitement and shock have placed her in a critical condition.

DIED FOR A WOMAN.

Roswell Button Kills Himself Because His Wife Left Him.

EAST JORDAN, Mich., July 13.—Roswell Button, a young farmer living near here, was married to Miss Rose Allen last December. Their conjugal relations have been extremely unpleasant, and on July 7 Mrs. Button came to town to celebrate. She failed to return to her home, and this morning Mr. Button came into town to search for her. He reached here just in time to see her take her departure for Potosi on one of the boats. He went direct to the hardware store here and purchased a .38-caliber building revolver and proceeded to the home of Mrs. Button's parents, where he shot him in the left breast, the ball passing upward and breaking his neck. He died in a few minutes.

worked in the armor department and was one of the scale committee that conferred with the employer in January the firm asked the men to present a scale. We did so. Two weeks later we were sent for, as we supposed, to discuss it. Instead, we were presented with a scale by the firm, who asked that we present our scale to the people.

We agreed to do so providing they would give us some good reasons for asking such reductions. They would not discuss the subject, but finally Mr. Potter said that the heaters and myself were making too much money. I said this was strange, because there were no reductions proposed in the wages of the men whom they claimed were making too much. The reductions affected some who for eight weeks had not averaged \$1 per day. When their ultimatum came out May 30 it contained a foot note fixing my wages at the old rate. Mr. Potter told me that it would be useless to hold conferences unless our committee had power to act. I told him I agreed upon a scale, he need not fear of it being changed. We had been given every reason to contemplate trouble. On one occasion Mr. Potter said to me: "Wait till July comes. Your little gold mine will be closed up."

EDUCATORS IN SESSION.

Many More Delegates at the Saratoga Convention—Mr. Canfield's Address.

SARATOGA, N. Y., July 13.—Incoming trains this morning brought many more delegates to the national educational convention. The second day's session began shortly before 10 o'clock in the Methodist church. President Coolidge presided, and the discussion of the session was on "Ethical Culture." President Irwin Shepard, of Winona, Minn., spoke on "Ethical Culture in the Kindergarten." Mrs. Della Lathrop William of Delaware, O., read a paper on "The Ethical Culture of Lincoln, Neb., detailed the relations of ethical culture to the college and university in a very interesting way.

Discussions upon the papers were then led by Dr. E. E. White of Cincinnati and President George W. F. Price of Nashville, Tenn., after which there were questions asked generally and answered by the reading of the papers. The president announced the following committees:

Resolutions—John E. Bradley, Minnesota; chairman; B. G. Norton, Connecticut; John S. Cramble, New York; H. C. Dougherty, Illinois; W. H. Bartholomew, Kentucky.

Necrology—C. W. Bardeen, New York; chairman; G. P. Brown, Illinois; Henry Babson, Iowa; W. E. Shelton, Massachusetts; Mr. Lathrop, editor Southwestern Journal of Education.

GETTING READY TO FIGHT.

The Miners Preparing to Fight for their Rights.

SPOKANE, July 13.—Advice from the scene of the great mining strike says that the strikers are getting in shape for a fight. They have blown up railroad bridges and property and are preparing to fight the United States troops, which are nearing their way. Last night several of the armed strikers overtook seventy unarmed non-union men at Old Mission, about twenty miles this side of Wardner, robbed them of their wages and fired on them while running away. Two non-union men were killed; the others escaped to the woods and swamps. Seven caught the steamer and arrived in Spokane today. A relief party has started for Old Mission. At Wolf Lodge, near Old Mission, it is stated a relief party has found the dead bodies of twelve non-union men in the bushes, and a swamp.

The party is looking for more. Governor Wiley has issued a proclamation placing Shoshone county under martial law. Superintendent Dickinson, of the Northern Pacific, this morning, telegraphed that the road, tracks and bridges have been destroyed in the vicinity of Wolf Lodge, and that the wires have been cut. The road will hold the county responsible.

MR. GLADSTONE WINS.

The Grand Old Man Barely Escapes Defeat at Midlothian.

LONDON, July 13.—Mr. Gladstone has been returned to parliament from Midlothian, but his narrow escape from defeat has caused intense excitement. His conservative opponent Colonel Andrew Gilbert Wauchope is a soldier with a gallant record, a C. B. and C. M. G., personally beyond reproach, either as to his civil or military career.

Up to 5 p. m. the returns show the election of 230 Tories, 211 Liberals, 35 Unionists, 42 Nationalists and 6 Parallels. The net Liberal gain is forty-eight.

MASSAC AT WARDNER.

WALLACE, Idaho, July 13.—The entire force of strikers is congregated at Wardner. All women and children were sent from the town and the miners are now building fortifications around the place and making preparations to give the troops a warm reception. The troops now at Caldwell and infantry representing about 400 men have been ordered to Wardner and engage the strikers in front, while the Twenty-fifth Infantry, which is now at Missoula, are now at Mullane, were instructed to go down the gulch and attack the strikers in the rear. The object is to overwhelm and capture them. Five more companies of reinforcements have been ordered into the field.

DONNELLY NOMINATED.

St. Paul, July 13.—At the evening session of the people's party convention the platform, a recitation of the Omaha document, was adopted without debate. Ignatius Donnelly was nominated for governor on the first ballot. Mr. Donnelly made a speech of acceptance after which a collection amounting to \$600 was taken. Nine electors were then chosen and the convention adjourned at 11 p. m. adjourned to 10 o'clock tomorrow.

RUN DOWN BY AN EXPRESS TRAIN.

NEW YORK, July 13.—While Mrs. Carr, aged 50, and her two little girls, aged respectively 6 and 4 years, were walking on the tracks of the West Shore railroad near the West Haverstraw station yesterday, they were struck by an express train, which instantly killed the woman and one of the children and fatally injured the other. The tragedy was witnessed by many horrified people.

—the "cutting" of prices, and the substitution of inferior goods. Everywhere it is a fraudulent imitation of the genuine article—sometimes it is some cheap compound represented as "just as good,"—others it is a "cut price" for a sharp dealer, even at "cut price."

OUR LADIES' COLUMN!

Office of Spring & Company, Grand Rapids, Mich., July 10, 1892.

Probably no season of the year permits of so wide a range in the selection of ladies' wearing apparel as do the Summer months, taxing the resources of an ordinary store in a city like this beyond its ability to furnish. Sombre weaves give way to myriads of breezy bright summer costumes, exquisite novelties, fabrics that resemble gay flowers dipped in sunlight or bathed in mellow moonbeams. Refreshing to look at, cool and comfortable to the wearers, as dashing and elegant as the owner chooses to have them made, and still entirely within the bounds of style and propriety. To serve everything, no matter what is called for is our mission here. So long as it bears out the high standard of quality maintained in our every department. This requires no ordinary effort. Grand Rapids demands such a store and we are candidly told every day that ours is such. It's no easy task, however, permits of no opportunities to rest. A man on every watch tower of the world heralds to us the first news of new born ideas after they have ripened into tangible facts. No sooner are they materialized when the great ships from England, Ireland, Scotland, France, Germany, Italy and other countries, cast loose from their moorings, well laden with consignments to America and our store. This may be said of American products also; we know where the best is made, and we get it.
